MANAGER

Township Manager Mark Taylor had the following items for discussion or action:

1. Chippewa Trails Amendment #23:

Manager Mark Taylor said that this item will be addressed at next week's Planning Commission meeting. He doesn't anticipate there being any problems with this.

2. Kentralla Lot Addition Subdivision:

Manager Taylor said that this involves two households on either side of a lot. The lot in between will be split in half. This will be on next week's Planning Commission agenda.

3. Kenson Plan of Lots Subdivision:

Manager Taylor explained that Kenson wants to build a storage building to store molds for their company instead of transporting them elsewhere. He said that this has been worked out with the county and will be a separate lot. This will be addressed at next week's meeting.

4. 2023 Household Hazardous Waste Collections Grant:

A Household Hazardous Waste Collection event was held last spring. Dawna Pella helps with this type of grant. The Township received reimbursement.

5. D. E. P. 904 Recycling Grant:

Code Enforcement Officer Dawna Pella works on the D.E.P. 904 Recycling Grants and has the local businesses do their reporting. The grant helps to pay for Billy DiCicco's salary, containers, etc.

6. Splash Pad/Playground Update:

Manager Mark Taylor said that there was a problem with the water at the splash pad and that the water valve was the wrong size. A lack of proper water pressure was the result. Two-inch valves will be installed to fix the problem. He said that the restrooms and the splash pad itself are complete and turf work should be finished in a few weeks.

MANAGER'S MISCELLANEOUS ITEMS

Manager Taylor asked Solicitor Steele if the Chippewa Trails Phase II Developers' Agreement was complete and she said that it will be ready for signatures at next week's regular meeting.
